From Wikipedia, the free encyclopedia

*This article is about the bus operator in Alexandria, Virginia. For other services named "DASH", see [Dash \(disambiguation\)](#) § [Public transport](#).*

This article **relies excessively on references to primary sources**. Please improve this article by adding [secondary or tertiary sources](#).  
*Find sources: "DASH" bus – [news](#) · [newspapers](#) · [books](#) · [scholar](#) · [JSTOR](#) (September 2016)* ([Learn how and when to remove this message](#))

**DASH** is the main [public transit bus operator](#) in the [Northern Virginia](#) city of [Alexandria](#). DASH provides bus service within the City of Alexandria, connecting to local and regional public transit services in the [Washington metropolitan area](#). DASH operates throughout the city of Alexandria, with 124 buses on eleven routes.<sup>[7]</sup> DASH buses serve all five [Washington Metro](#) stations within Alexandria city limits, with additional hubs at the [Mark Center Building](#), the former [Landmark Mall](#), and [The Pentagon](#). DASH buses carry over five million passengers annually as of 2024.<sup>[8]</sup>

DASH is operated by the **Alexandria Transit Company** (ATC), a non-profit corporation wholly owned by the City of Alexandria. ATC is governed by an eleven-person board of directors elected by the city council.<sup>[9]</sup> The Alexandria Transit Company was formed to supplement the regional rail and bus service provided by the [Washington Metropolitan Area Transit Authority](#) (WMATA) and to provide a local bus service to the City of Alexandria.

## History [\[ edit \]](#)

In 1981, in anticipation of the opening of the Metrorail stations and the subsequent reordering of [Metrobus](#) service, the City Council authorized a feasibility study for a city-sponsored bus

## DASH

DASH bus at [Van Dorn Street station](#)

<b>Parent</b>	City of Alexandria
<b>Founded</b>	March 1984 <sup>[1]</sup>
<b>Headquarters</b>	3000 Business Center Drive, <a href="#">Alexandria, VA</a>
<b>Service area</b>	<a href="#">Alexandria, Virginia</a>
<b>Service type</b>	<a href="#">Bus service</a>
<b>Alliance</b>	<a href="#">WMATA</a>
<b>Routes</b>	10 and the King Street Trolley <sup>[2]</sup>
<b>Fleet</b>	<a href="#">Gillig</a> · <a href="#">New Flyer</a> · <a href="#">Proterra</a> <sup>[3]</sup> <sup>[4]</sup>
<b>Daily ridership</b>	14,900 (Q1 2023) <sup>[5]</sup>

system. In 1982, the study recommended a five-route system, using 18 buses.

In 1983, the City Council developed an RFP (Request For Proposal) for management companies to develop a detailed plan for the operation of transit service in the City of Alexandria. The city chose to establish a non-profit public service cooperation that would be wholly owned by the City. This arrangement provided means by which:

- The transit system could be run as a business-type enterprise, and
- City Council could retain overall policy control yet be free from the day-to-day operation of a transit system.

On October 23, 1983, the City Council set up a Transitional Task Force and, on January 24, 1984, instructed the City Attorney to proceed with the incorporation of a non-profit company. The certificate of incorporation was issued by the State Corporation Commission on January 31, and the organizational meeting of the company was held on February 6.

In January 1984, the General Manager employed by the Management Company that was awarded the management contract reported for duty and final preparations began for the opening of revenue service on March 11.

On October 19, 2020, DASH unveiled its first all-electric transit bus at the City Hall of Alexandria.<sup>[10]</sup>

In September 2021, the entire network was restructured as part of the Alexandra Transit Vision Plan to create a more useful and equitable bus network that encourages more people to get to more places using transit. All Routes were renumbered in either the 30s or 100s eliminating the AT designations.<sup>[11]</sup>

## Fares <sup>[edit]</sup>

As of September 5, 2021, DASH is fare free.<sup>[12]</sup> Before the free fares, DASH's base fare was \$2.00 for riders paying cash or SmarTrip.<sup>[13][14]</sup> In 2007, DASH converted its buses to allow the use of the [WMATA SmarTrip](#), an electronic debit farecard. DASH continued to accept and issue paper transfers until they were eliminated altogether January 1, 2013.<sup>[15]</sup>

## Fleet <sup>[edit]</sup>

<b>Annual ridership</b>	4,209,500 (2015) <sup>[6]</sup>
